 <http://www.sportscoachingsystem.com/images/ita/software/0cal4>

Open LibreOffice and click on the top menu:  
**Tools > Extension Manager**

# Click on “Add”

Select the Gestics library  
(LibraryName.oxt) in the Download  
folder

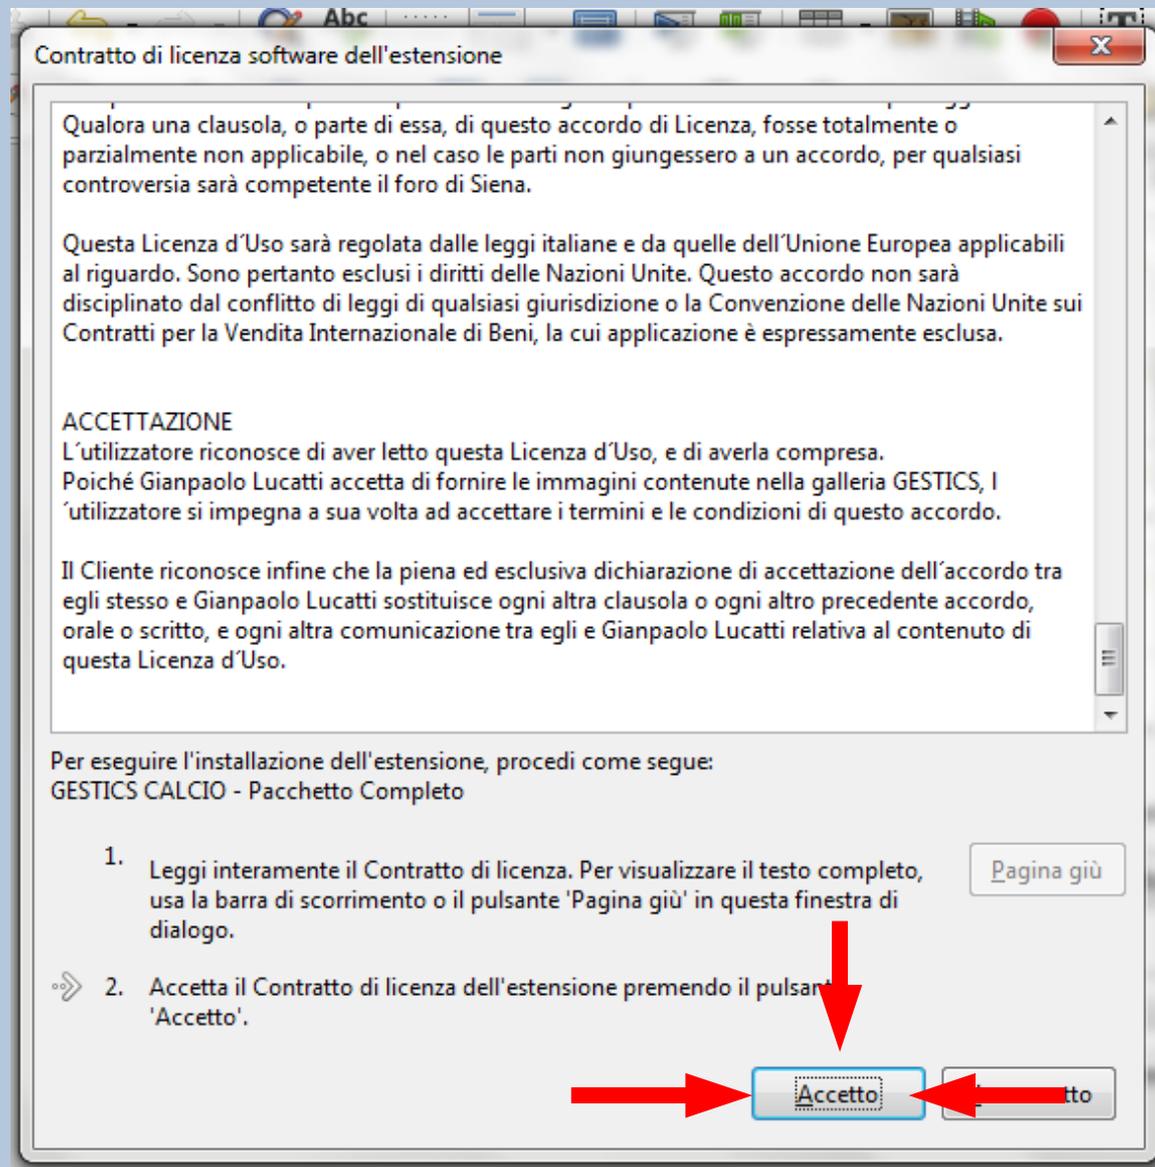

soccergallery\_it\_1.0.oxt

Choose whether to install the library  
Gestics only in the current user  
or for all users of the computer

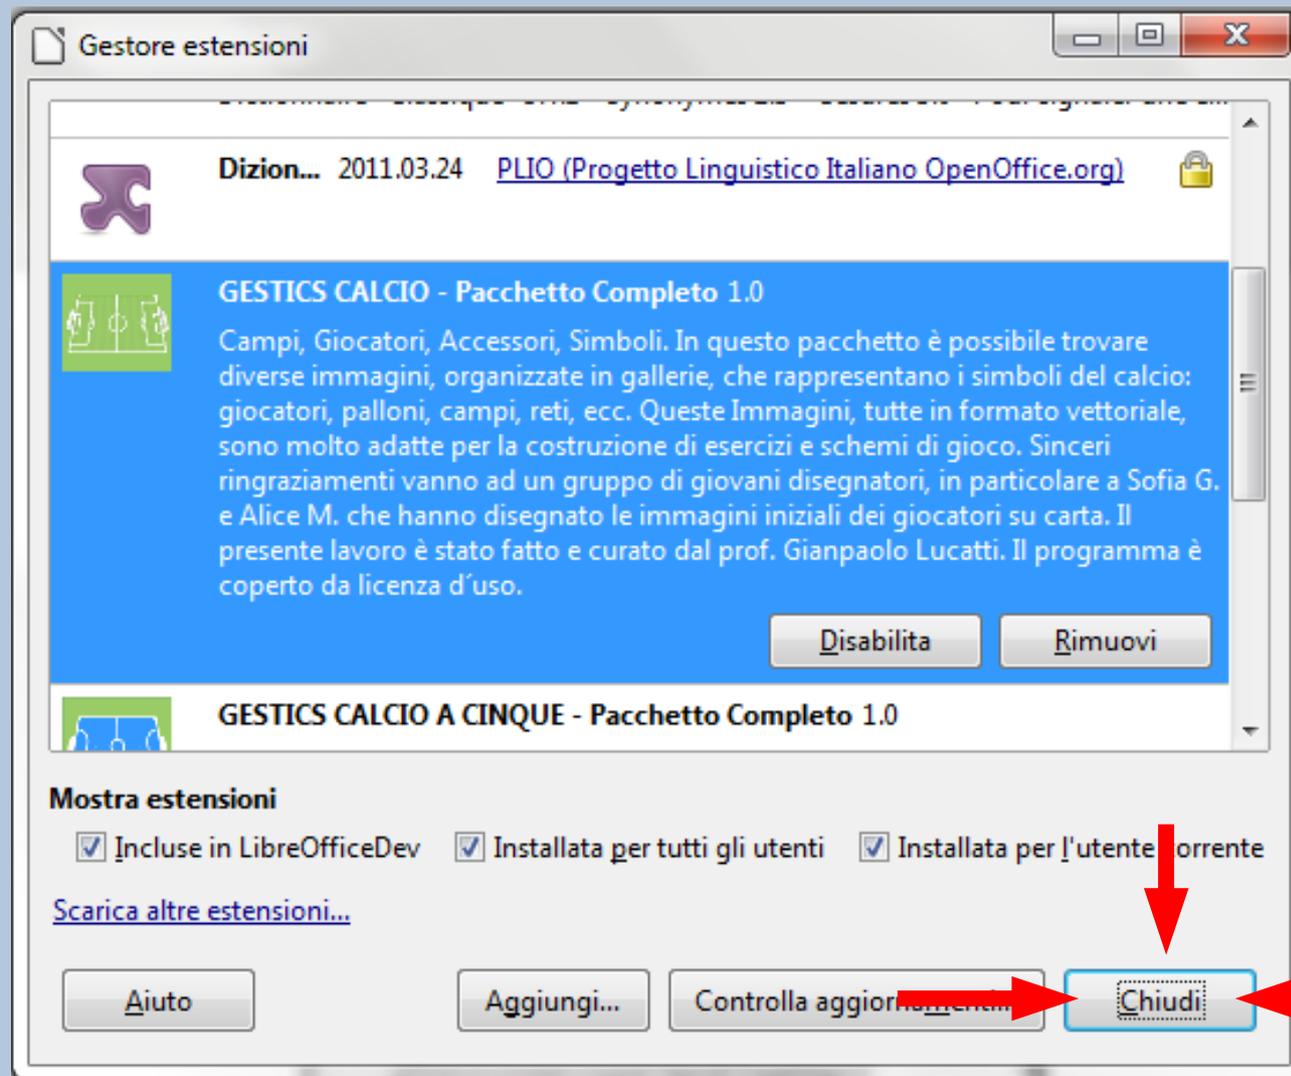

# Scroll (or read) the license to the bottom and click **Accept**

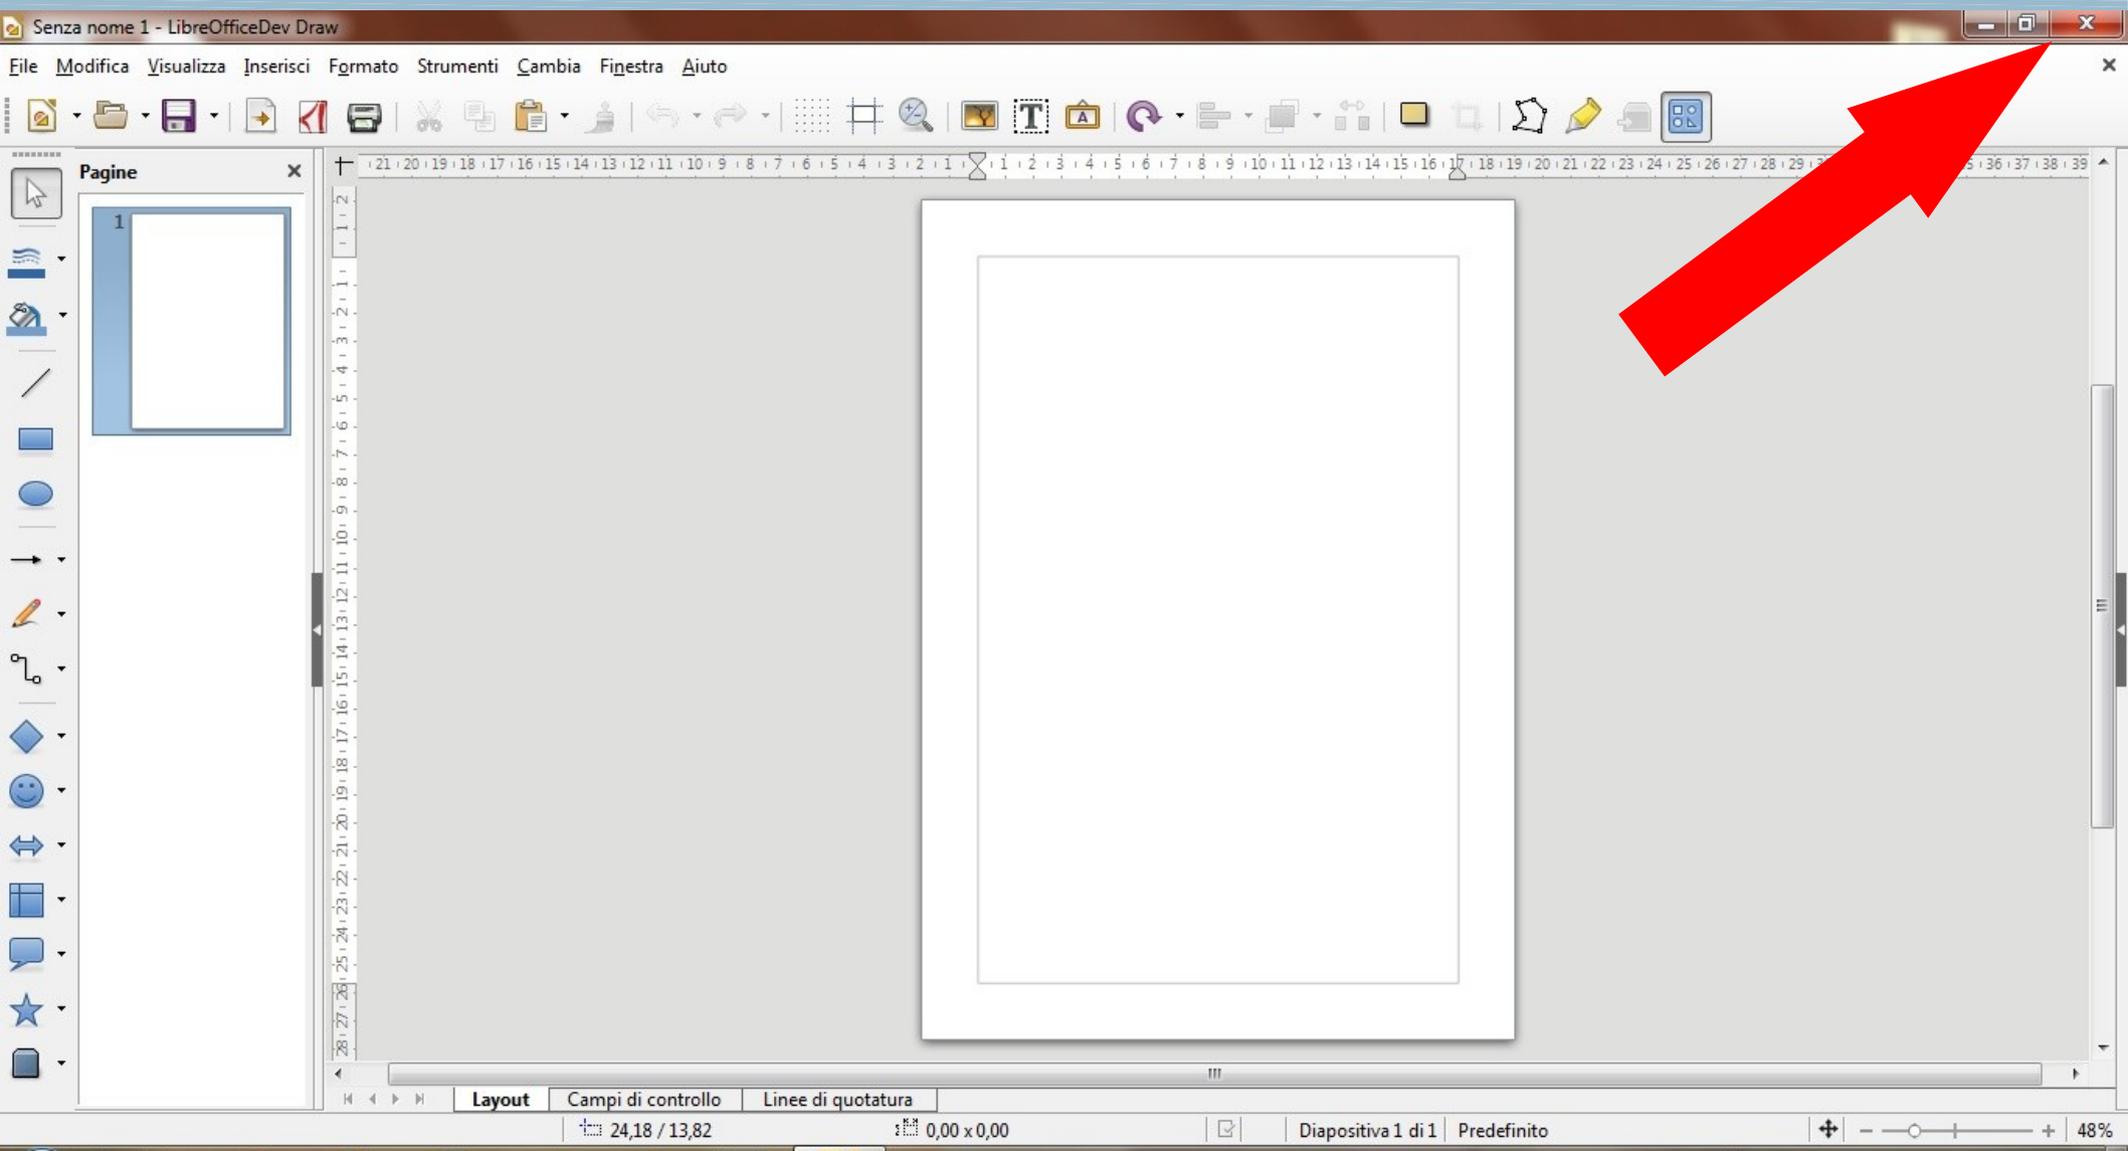

# The Gestics library is now correctly installed in LibreOffice.

## Click **Close**

# Close LibreOffice

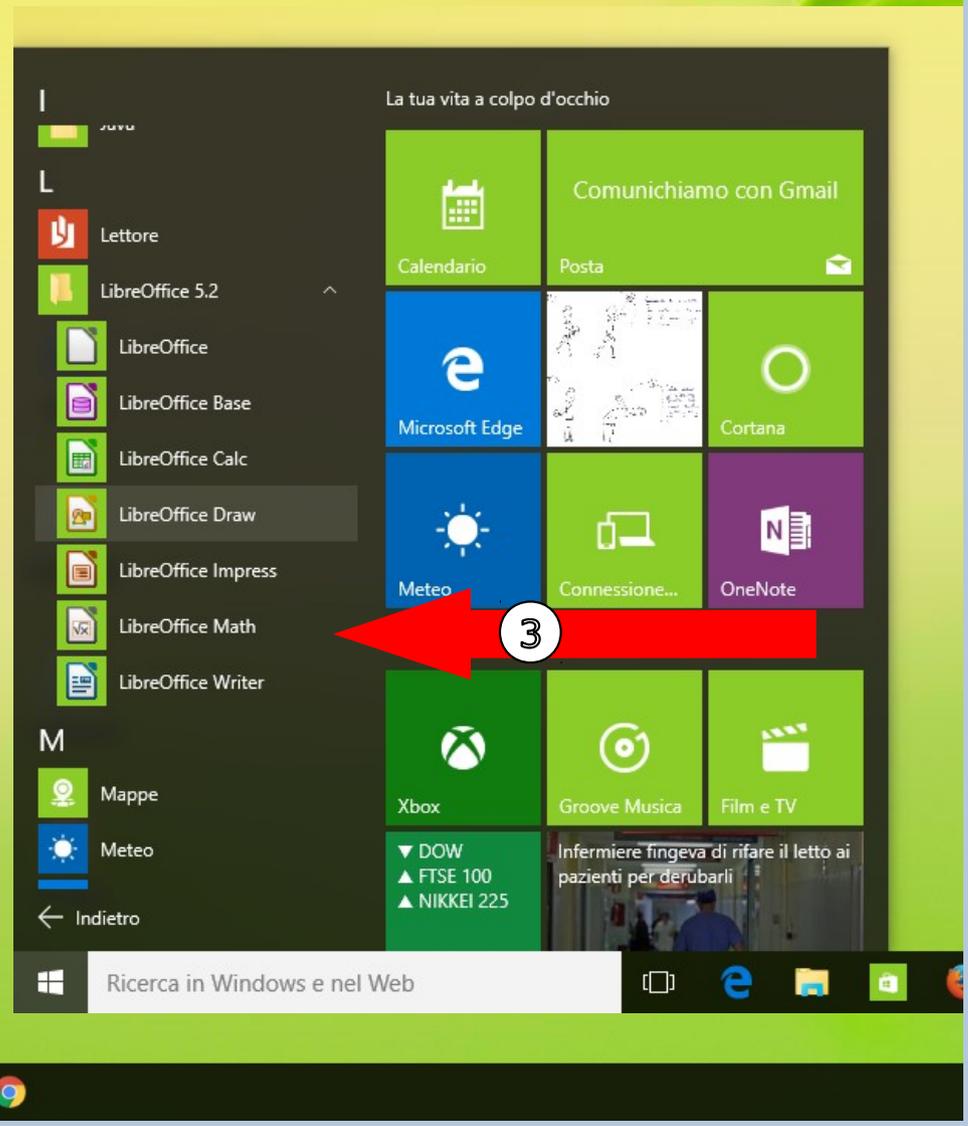

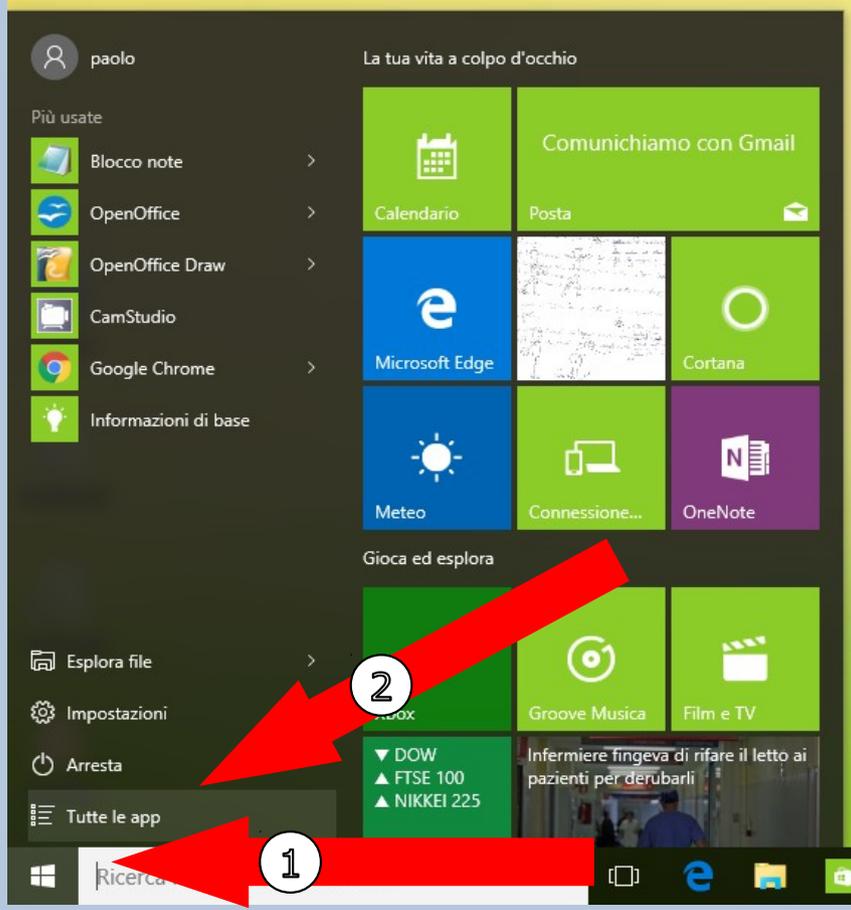

1 Click on the Start Menu (bottom left of the Desktop)

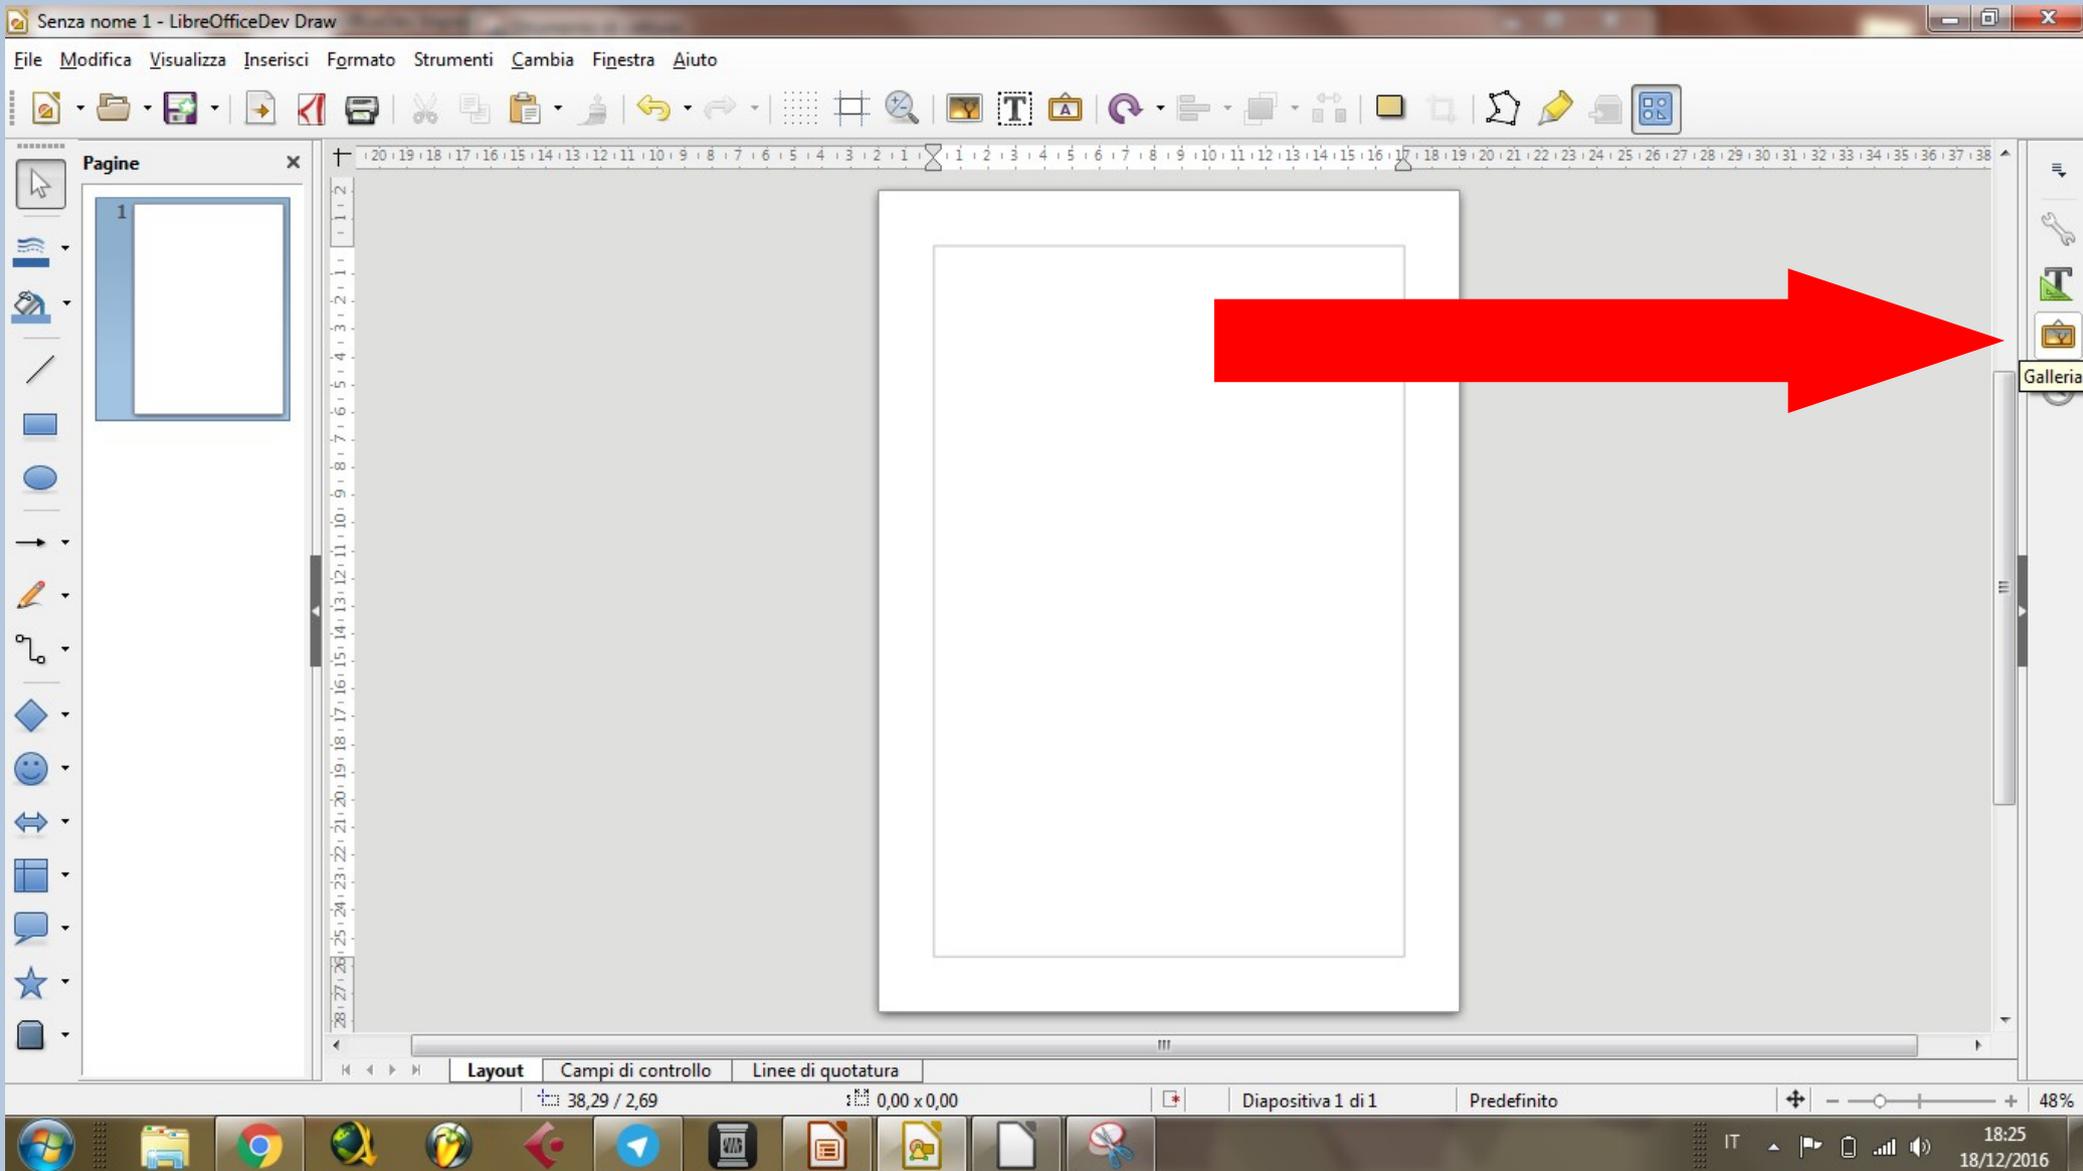

2 Click on "ALL APPS"

3 Scroll to the letter "L" and open the program

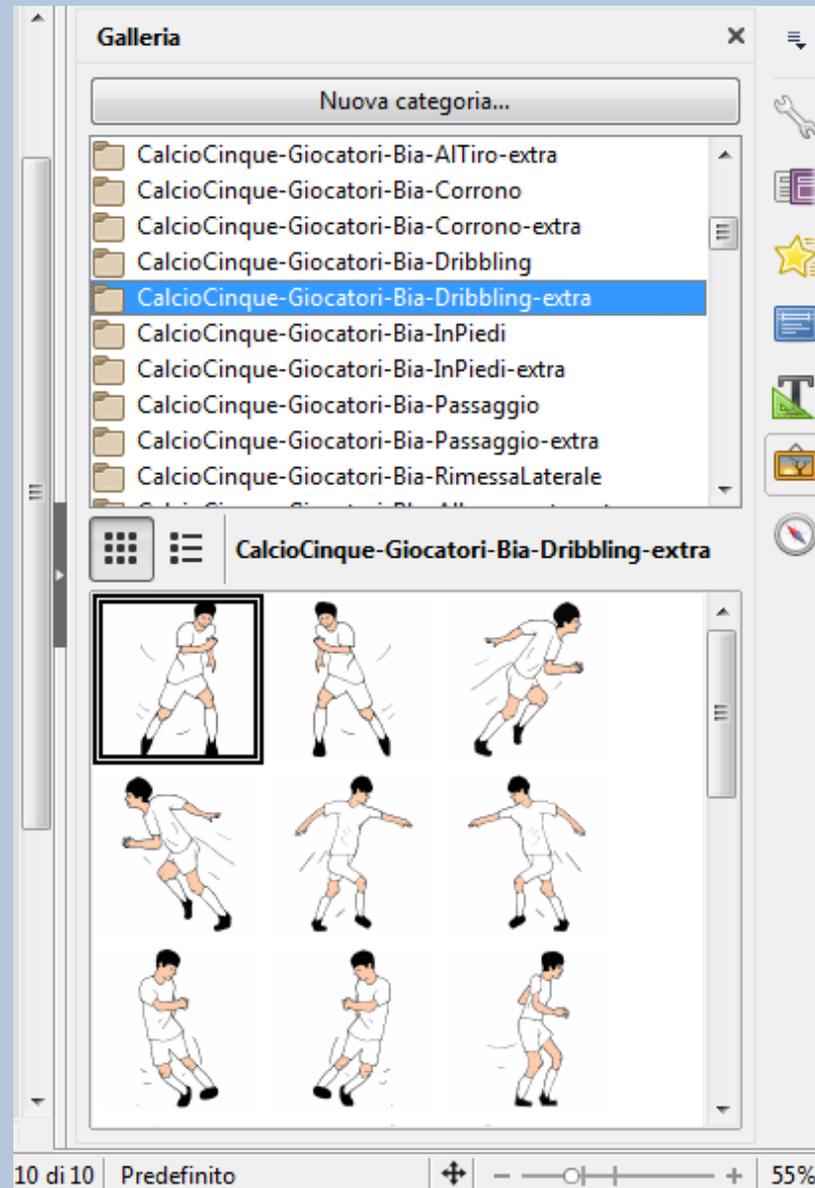

LibreOffice Draw 

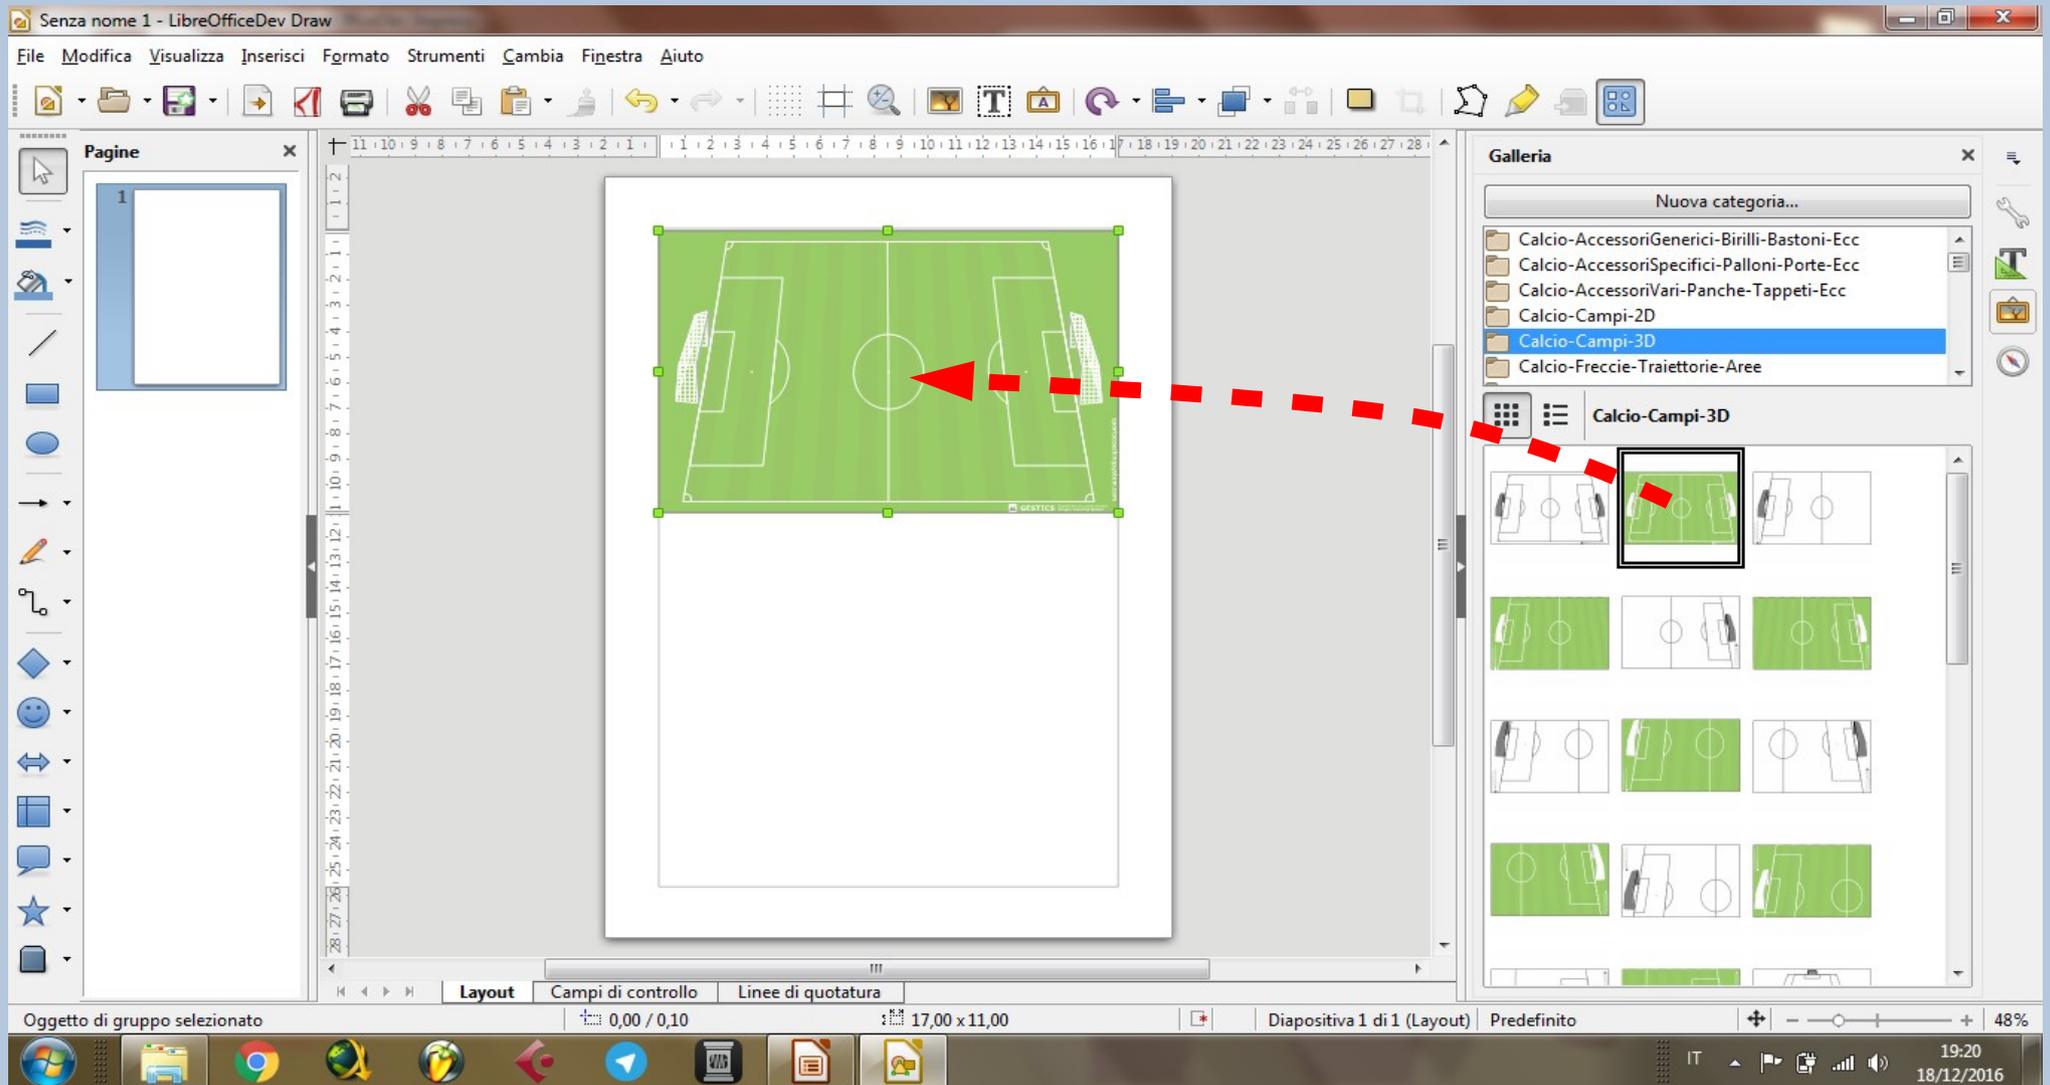

# You will find all Gestics libraries Installed in the Gallery

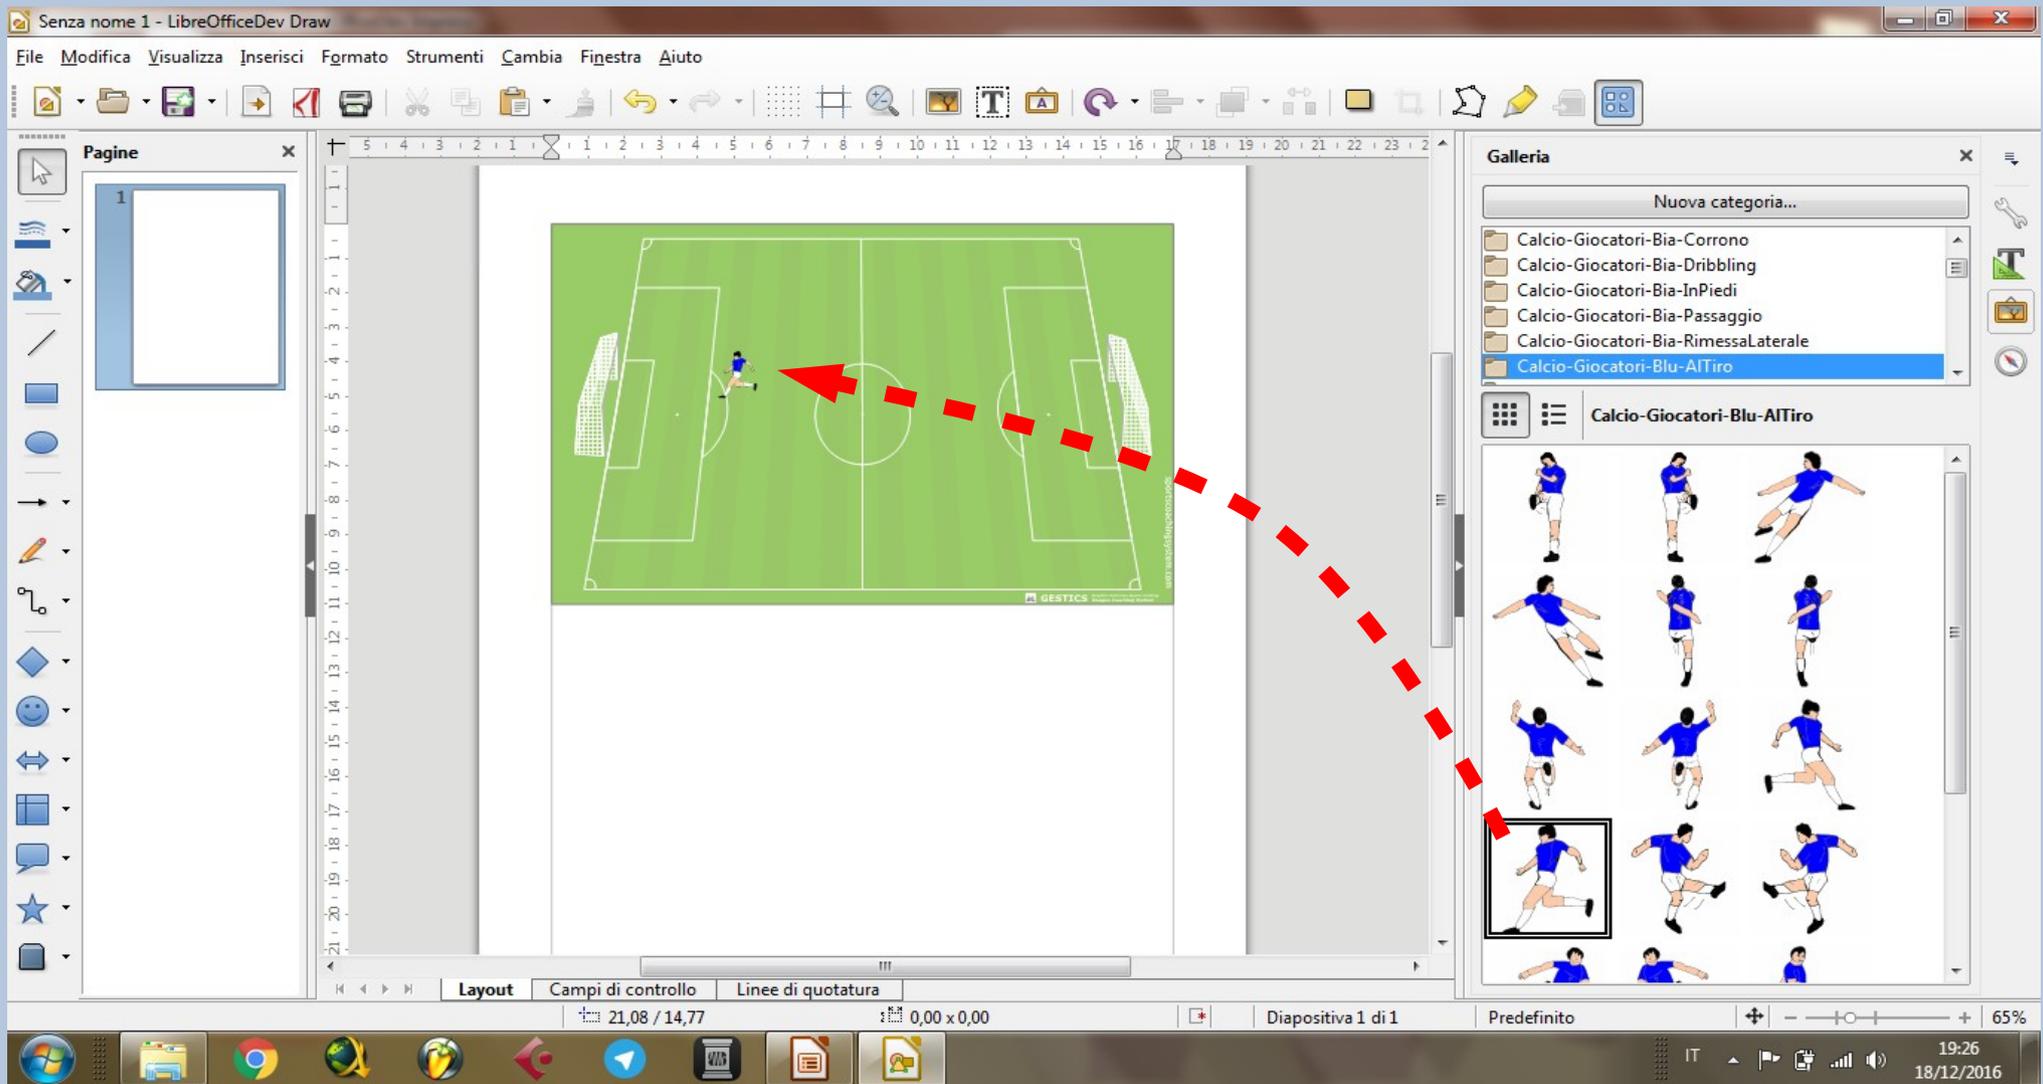

Select the Category you want and start building your exercise by simply dragging the elements onto the sheet

# Start with the field: Select one and drag it to the sheet

# Now drag any element you want onto the playing field and build your fantastic exercise

Good work!

**GESTICS**
